The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the USD-converted special-purpose financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the USD-converted special-purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
